

## ABOUT PARKER PRECISION, INC.

Parker Precision Inc is a trusted ISO 90012008-certified company. We are a minority supplier and have truly enjoyed the opportunity to meet and exceed all of our customers custom manufacturing needs since 1997.

Our dedication to quality and delivery excellence, fanatical customer service, continuous cost optimization and a heavy investment in technology with state of the art CNC machines and inventory optimization has allowed us to become a world-class machine shop right here in Mentor, Ohio.

We are honored to have been recognized and awarded with a Gold Link Award and a long term agreement (LTA) for three years in a row.

## OUR VALUES

Our dedication to quality excellence, delivery excellence, great customer service, continual improvement for cost savings, technology and capital investment in the state of the art CNC machines and inventory optimization for customer products recognizes us for a best value supplier.

## OUR DIFFERENTIATORS

- Production and Prototypes
- 12 Tool Stations
- 4" Diameter Thru Hole
- Inspection Services

## OUR COMMITMENT

«Our commitment is to deliver your order on time, precision machined to your exact specifications, exceeding your quality expectations.»

## OUR PROCESS

We help you gather all details of your project up front and provide a detailed estimate so that there are no surprises. Our ability to scale up or down depending on your project needs also enables us to do quick run and limited production prototypes easily.

## PARKER PRECISION, INC.

We're always interested in meeting client needs, big or small. Please don't hesitate to get in touch with us regarding your project.

## CAPABILITIES

**01** | With a 30,000 square foot facility, we can handle jobs of any size - large or small.

**02** | State of the art CNC equipment with fully integrated manufacturing software.

## INVESTMENTS

On-time delivery and the quality of our work is essential to meeting and exceeding our customer expectations.

To help achieve this, we have invested heavily in training our employees and evaluating our machinery on an annual basis.

**PARKER PRECISION, INC.**
